# Welcome to 'Adventures of the Mind'

The theme chosen by the yearbook committee for this year was 'Adventures of the Mind' because we all need to cherish our visions and dreams as they are the children of our soul; the blueprint of our ultimate achievements. The first sixteen pages includes a color collage of events during the year which tries to answer the question "How does McNally bring our dreams closer to reality?".

Some  
people  
dream of  
success...

## Excellence with an Attitude

**Top-left 1:** Lesley Abraham (achieved 100% on the Math 30 Diploma)

**Top-left 2:** Terrence Lysak winner of the Edmonton Public School Board Fine Arts Music Award

**Top-right:** Ben Aberant and Brian Edey (Canadian National Junior 50 m Freestyle Champion)

**Centre-left 1:** Nadia Hasan, Zehra Fazal, and Tiffany Smith (Grand Prize Winner of the Edmonton High School "Time Capsule Drawing Contest")

**Centre-left 2:** Mr. D. Oberholtzer chosen Teacher of the Year by the ATA Council on School Administration.

**Centre-middle:** A Missal-Mills Dream Production - Godspell.

**Centre-right 1:** Gilbert Lee (Canadian Fermat Math Contest - Provincial winner, 6th in Canada out of 30,000 competitors) tutoring Gerard Chau.

**Centre-right 2:** Mrs. L. Hampel, a recipient of the Alberta Excellence in Teaching Award for 1997.

**Bottom-left:** Justin Hanson having an extreme dream.

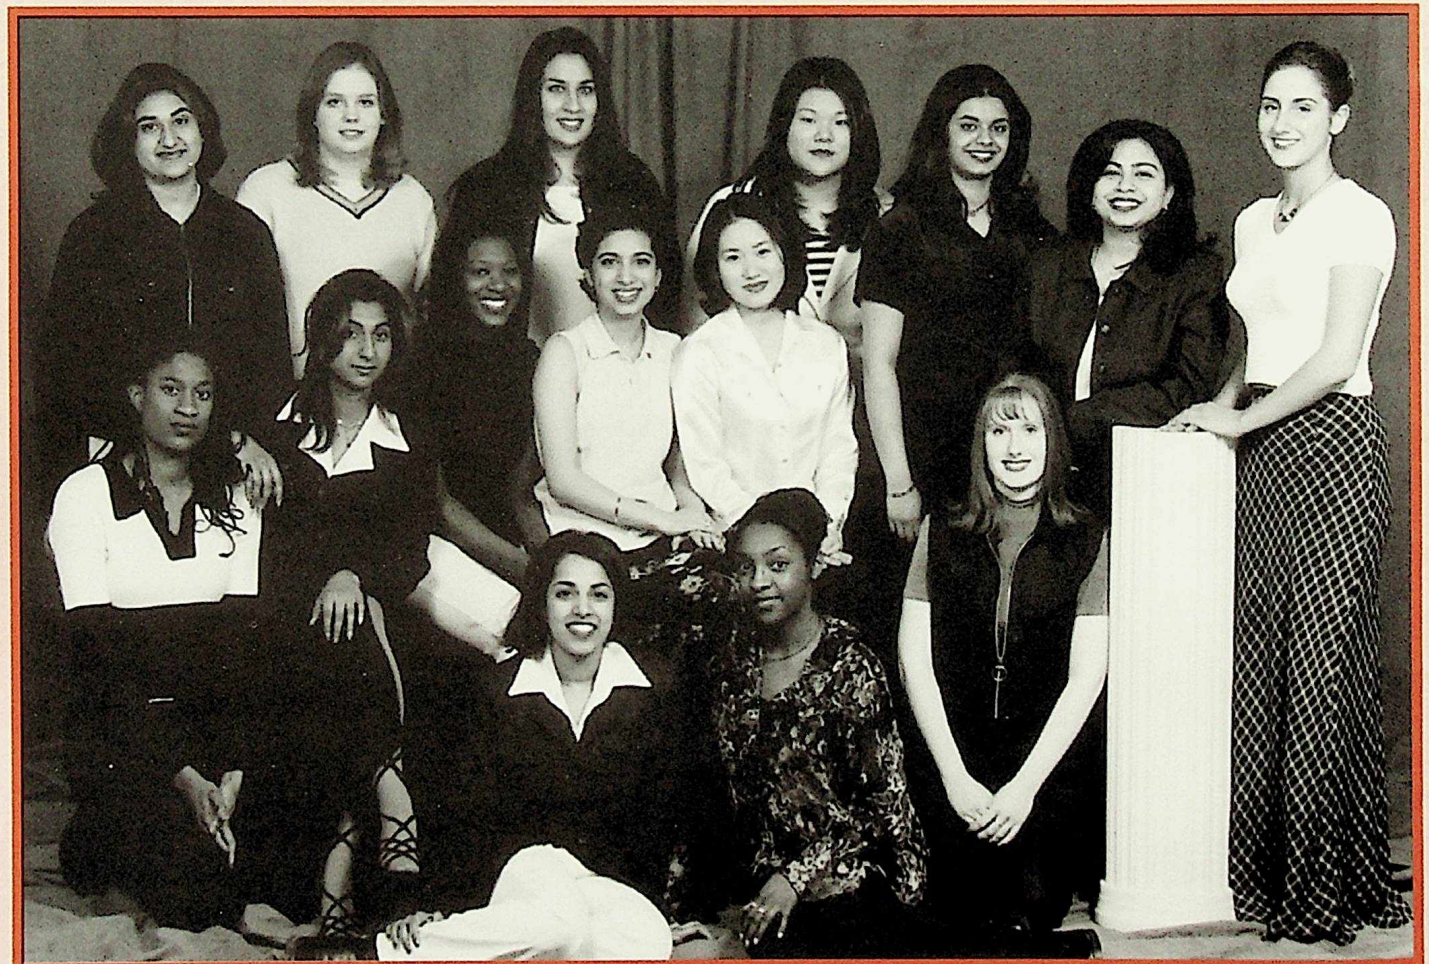

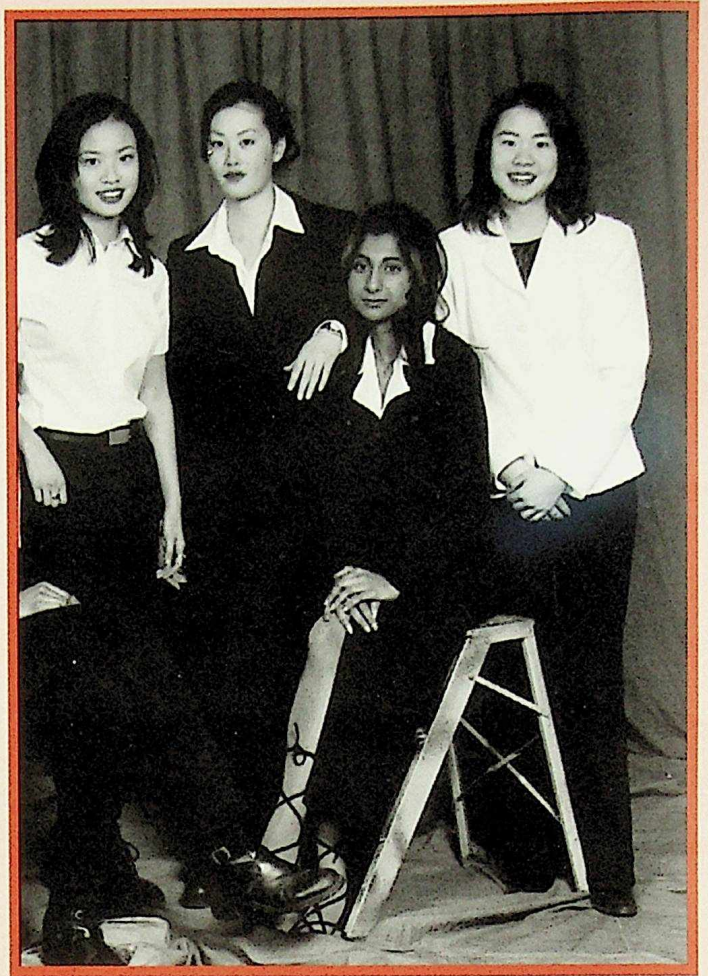

**Bottom-right:** Carmine Herzog, Wendy Tran, Melissa Chau, Reshma Jagasia and Connie Settle. Carmine, Wendy and Reshma were regional finalist for Toshiba/NSTA Explora Vision Award for Science. Melissa was selected as 1 of only 2 Canadians students to study Biotechnology at a Japanese university.

while  
others  
wake up  
and work  
hard at it.

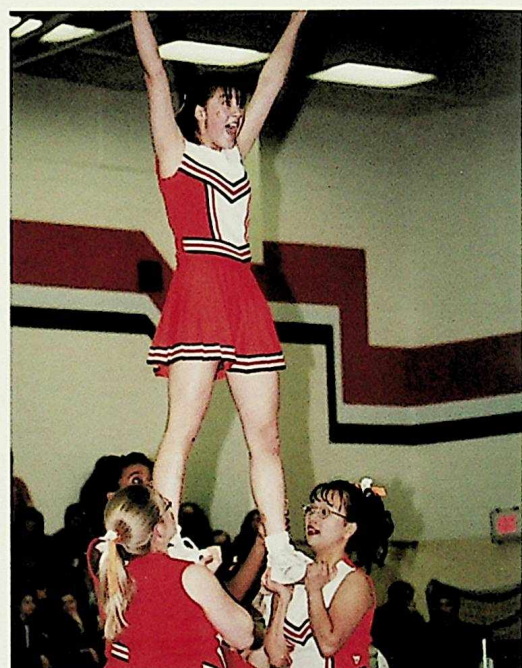

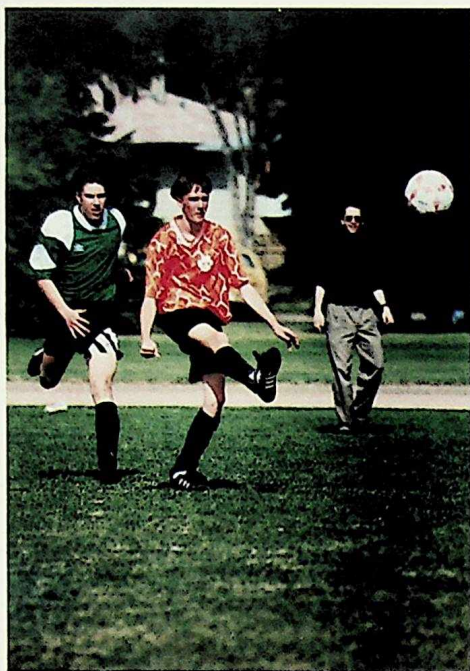

I hope that I may care enough, to love  
enough, to share enough, to let others  
become what they can be

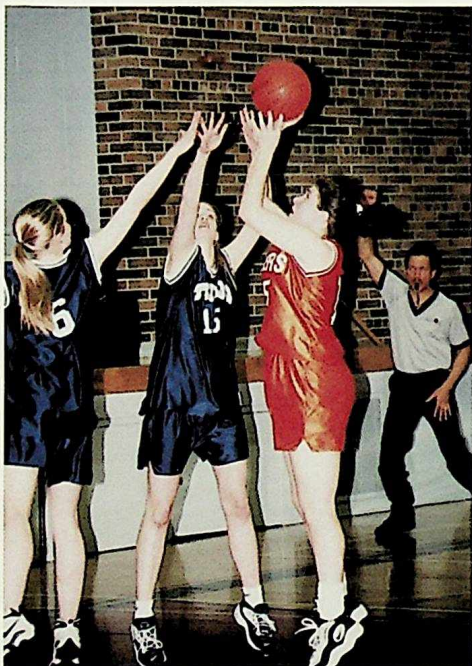

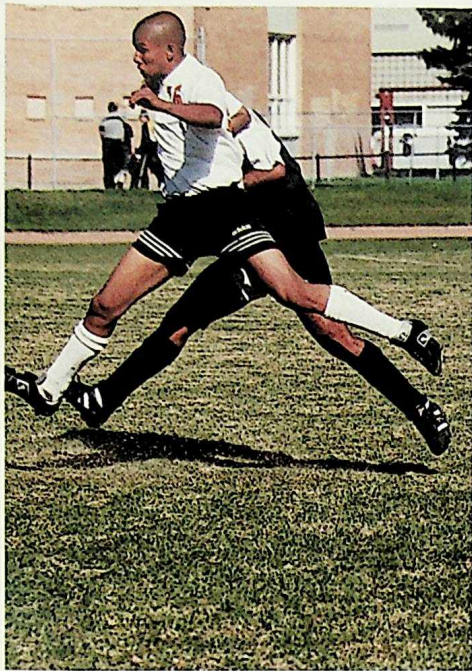

Cherish  
your  
dreams,  
you  
always

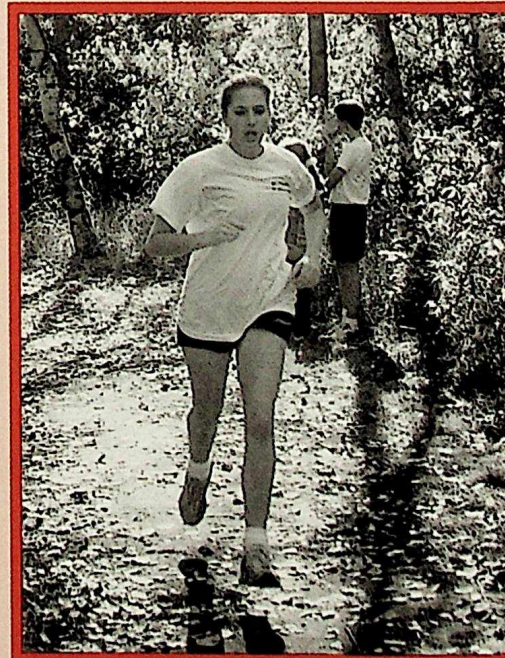

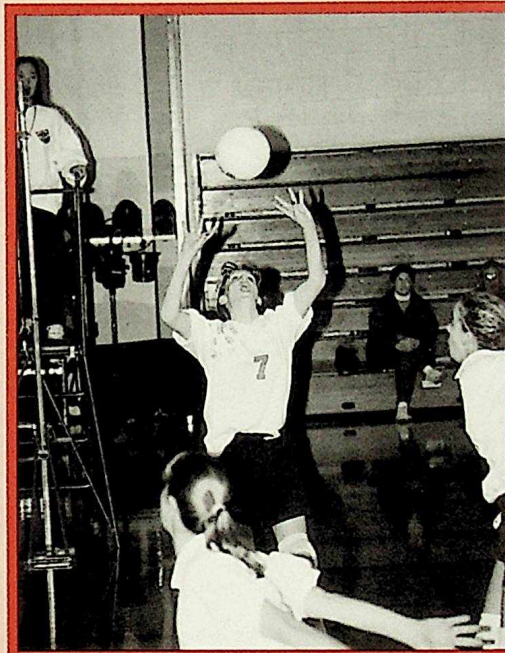

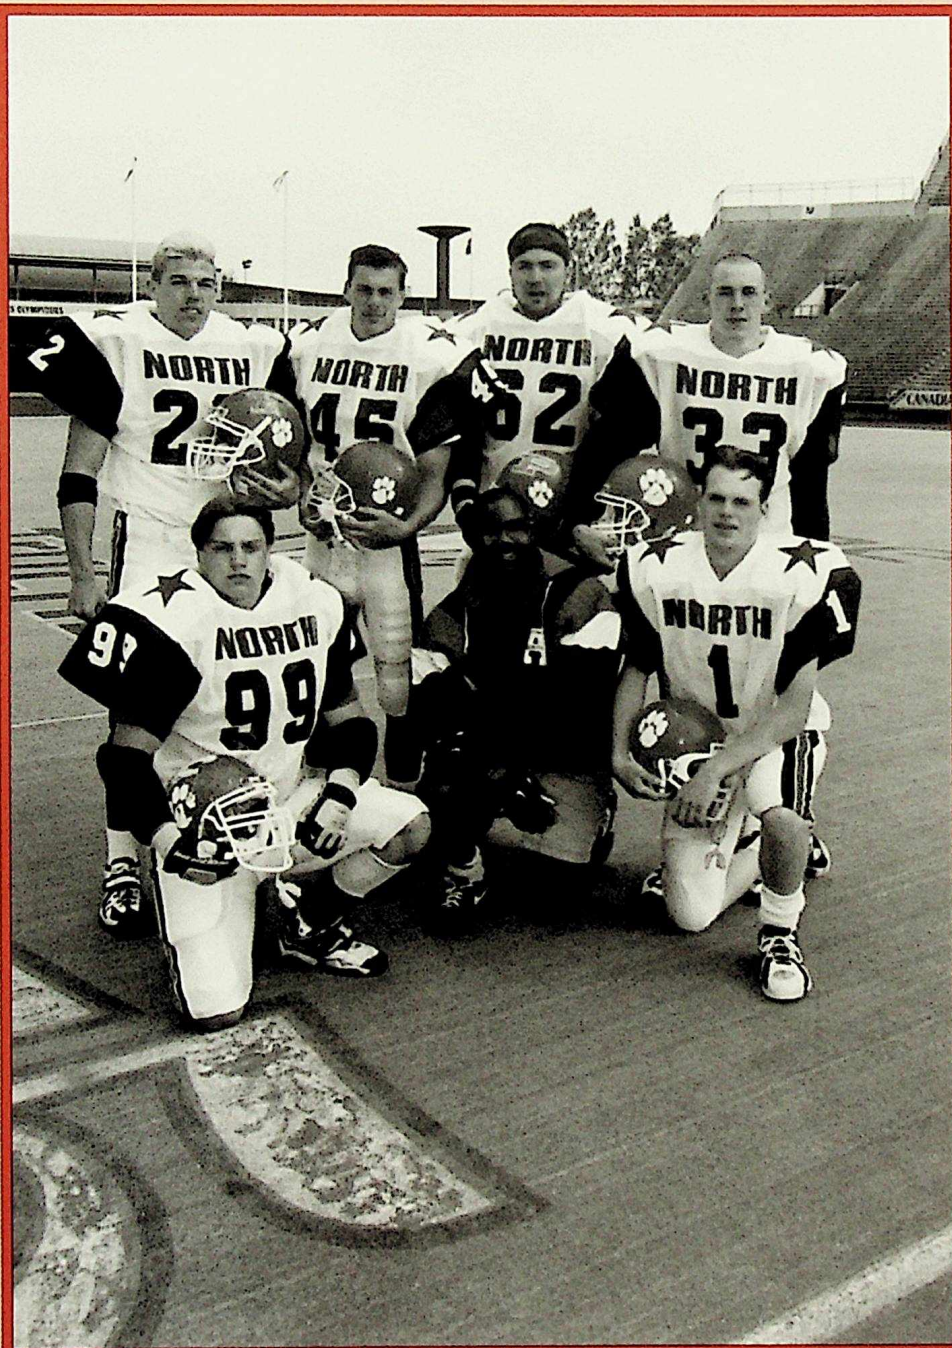

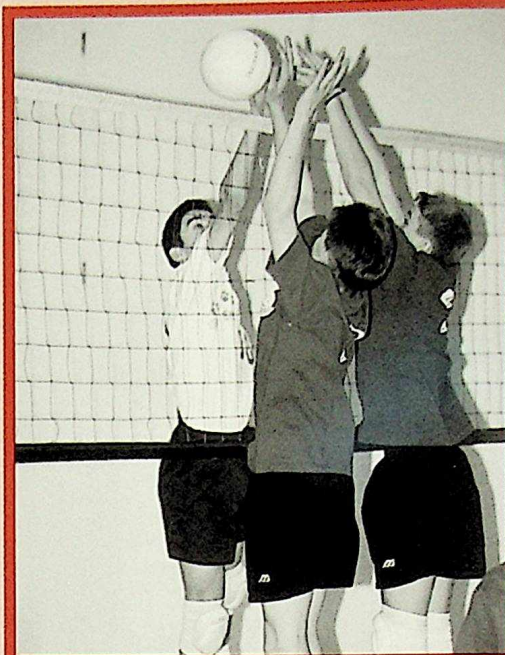

miss  
100% of  
the shots  
you don't  
take

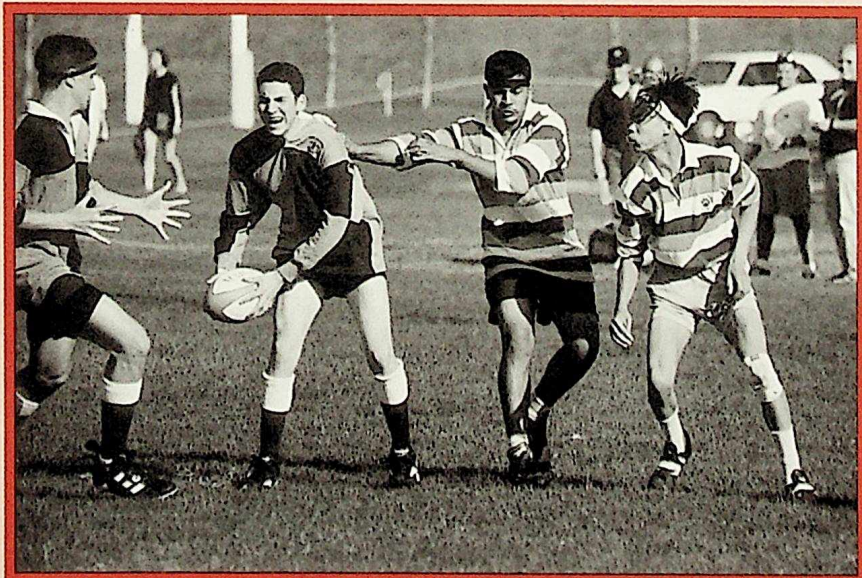

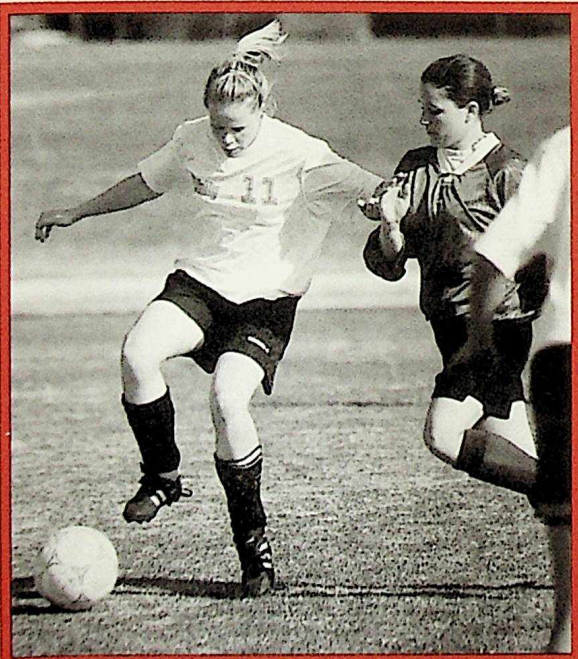

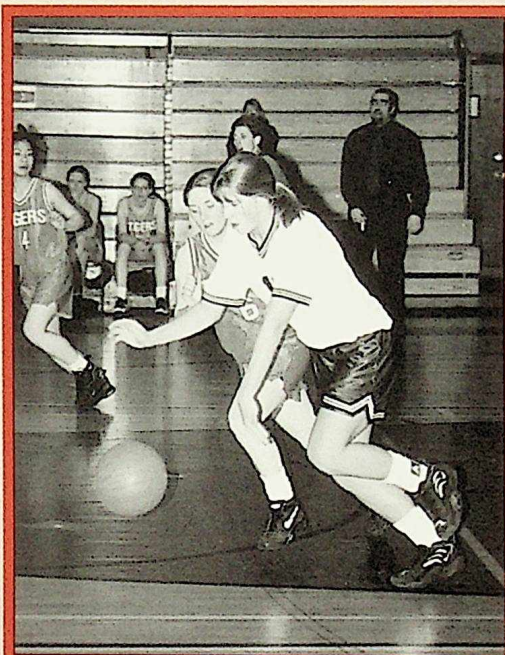

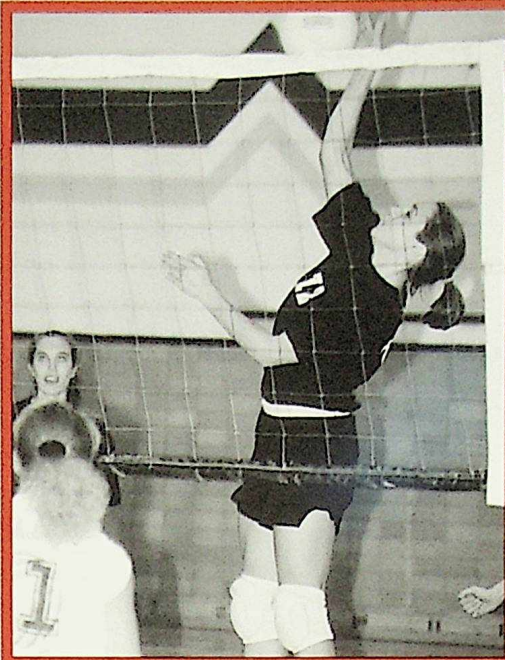

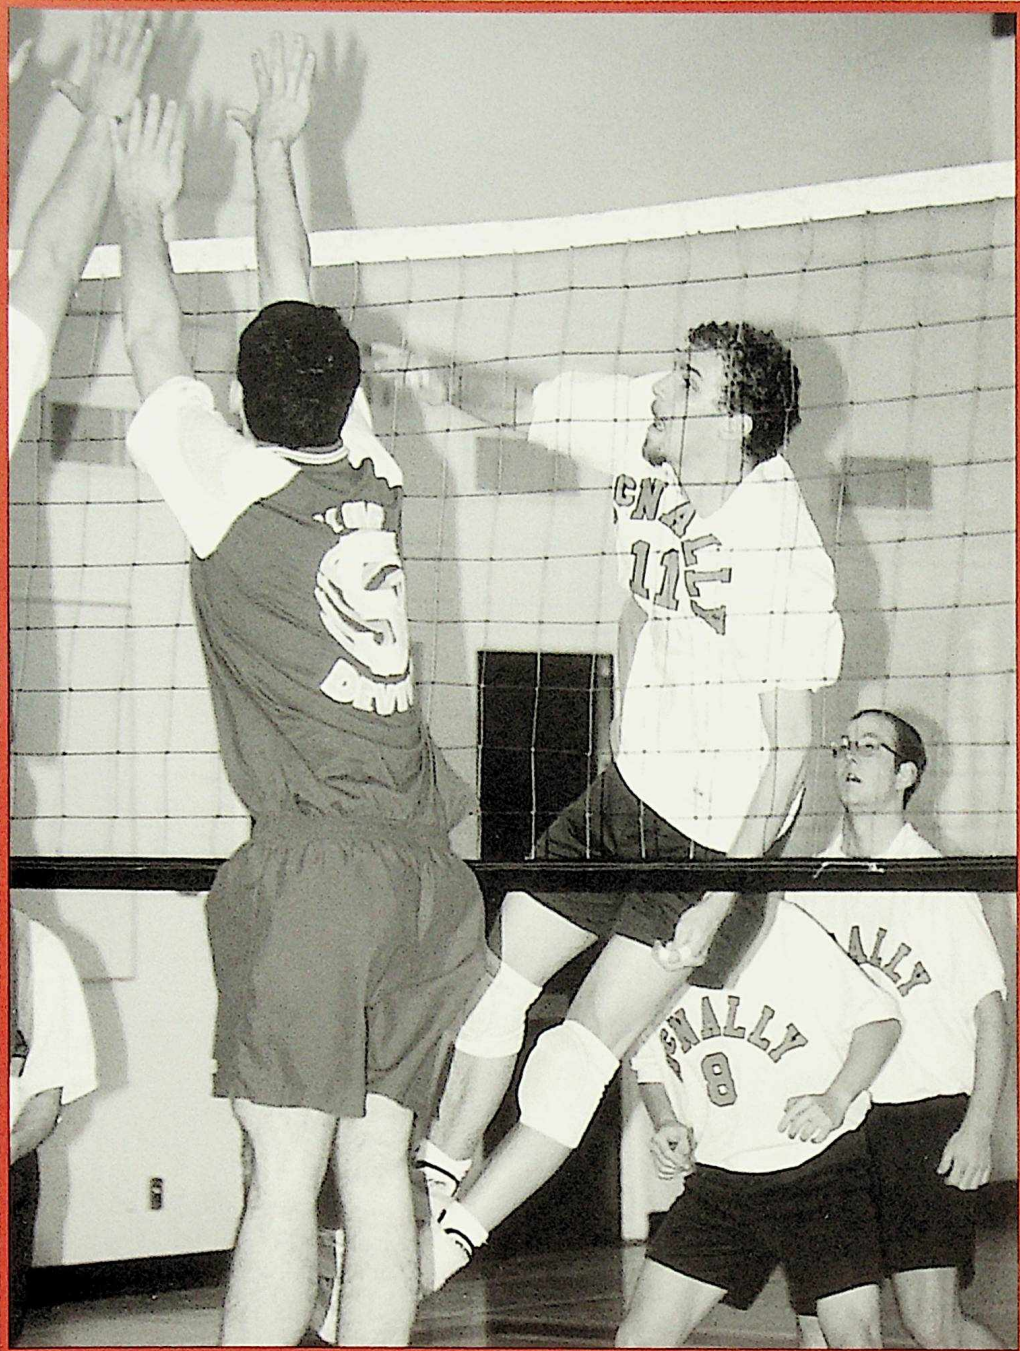

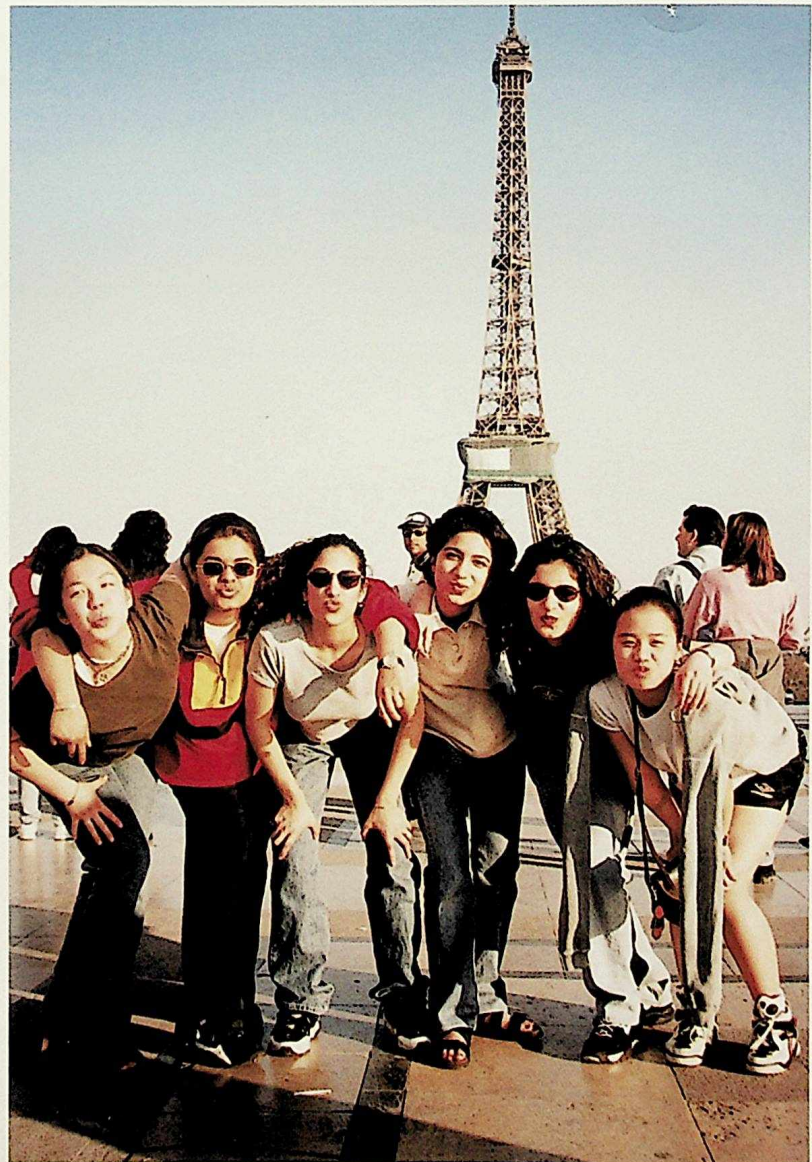

Belief in the beauty of  
your dreams is the  
ultimate competitive  
edge.

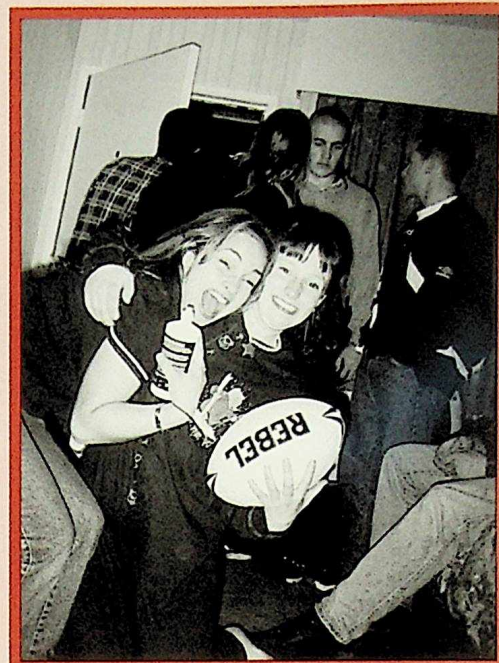

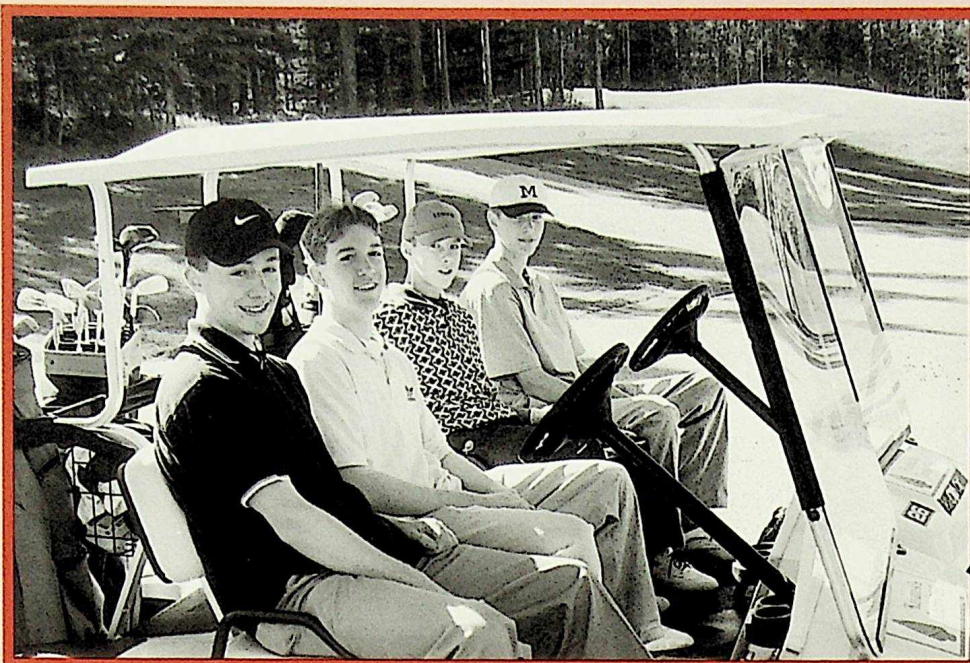

You see things that are and say,  
"Why?" but I dream things that never  
were and say, "Why not?"

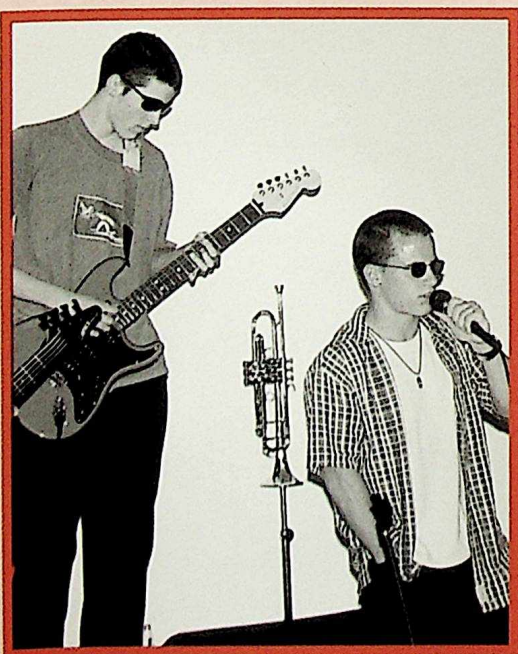

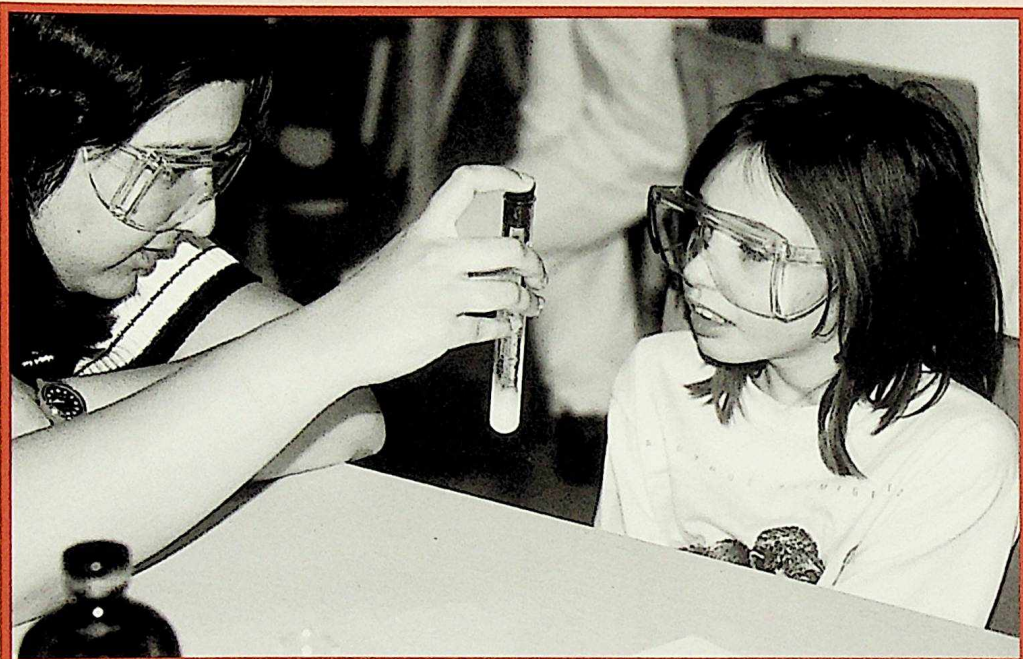

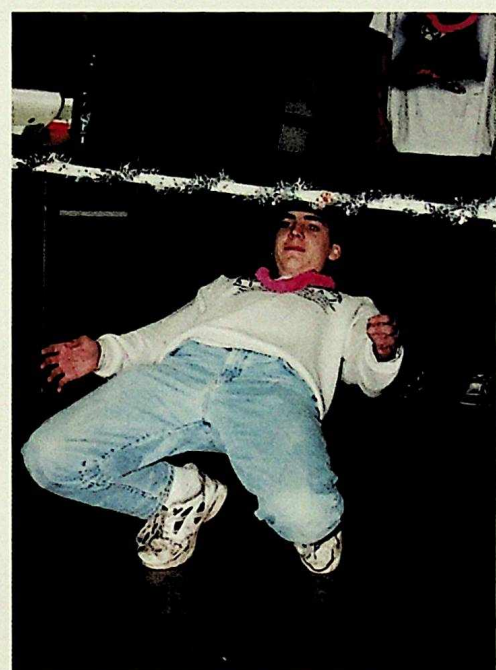

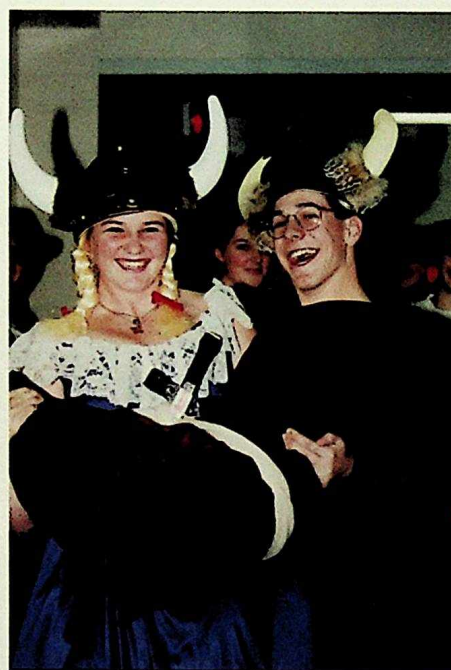

A mind once stretched by a new idea, never  
regains its original dimensions.

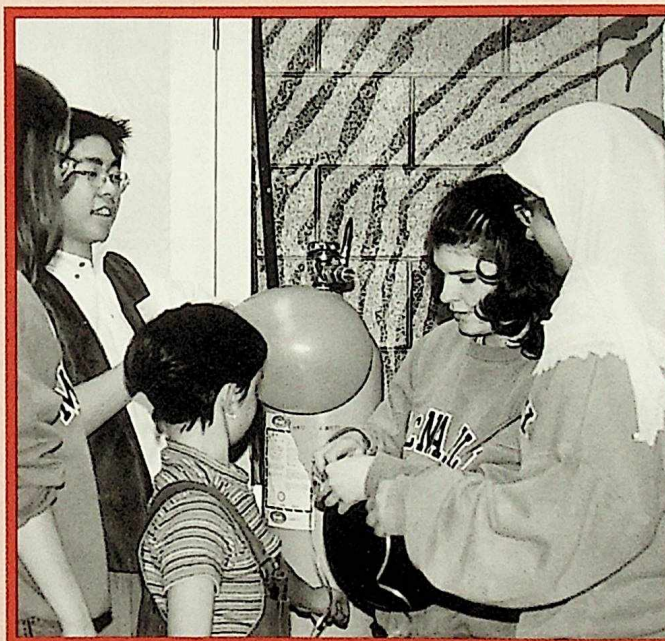

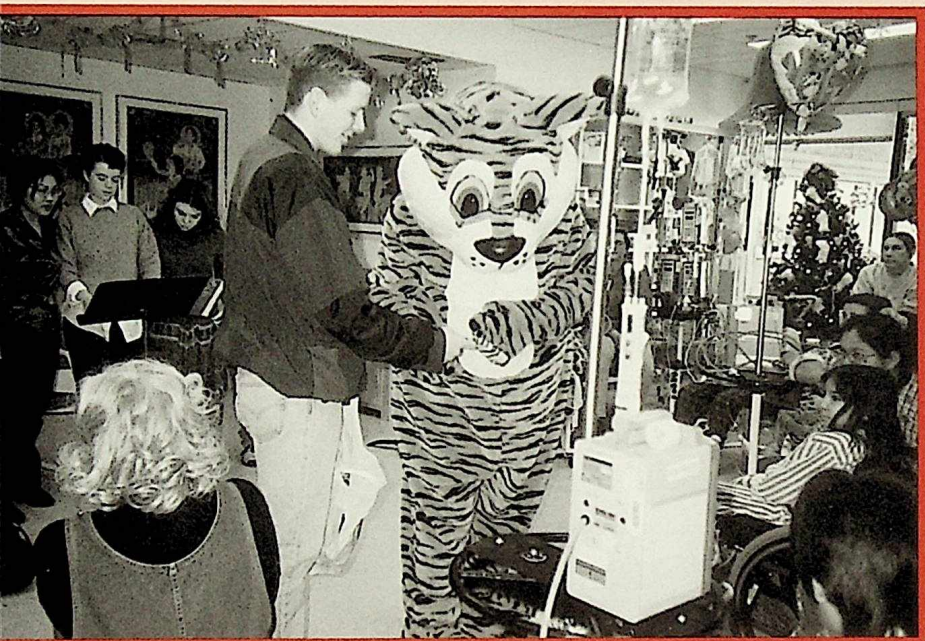

We need time to dream, time to play, and  
time to reach the infinite. Time to be.

To dream  
anything that  
you want to  
dream. That  
is the beauty  
of the human  
mind.

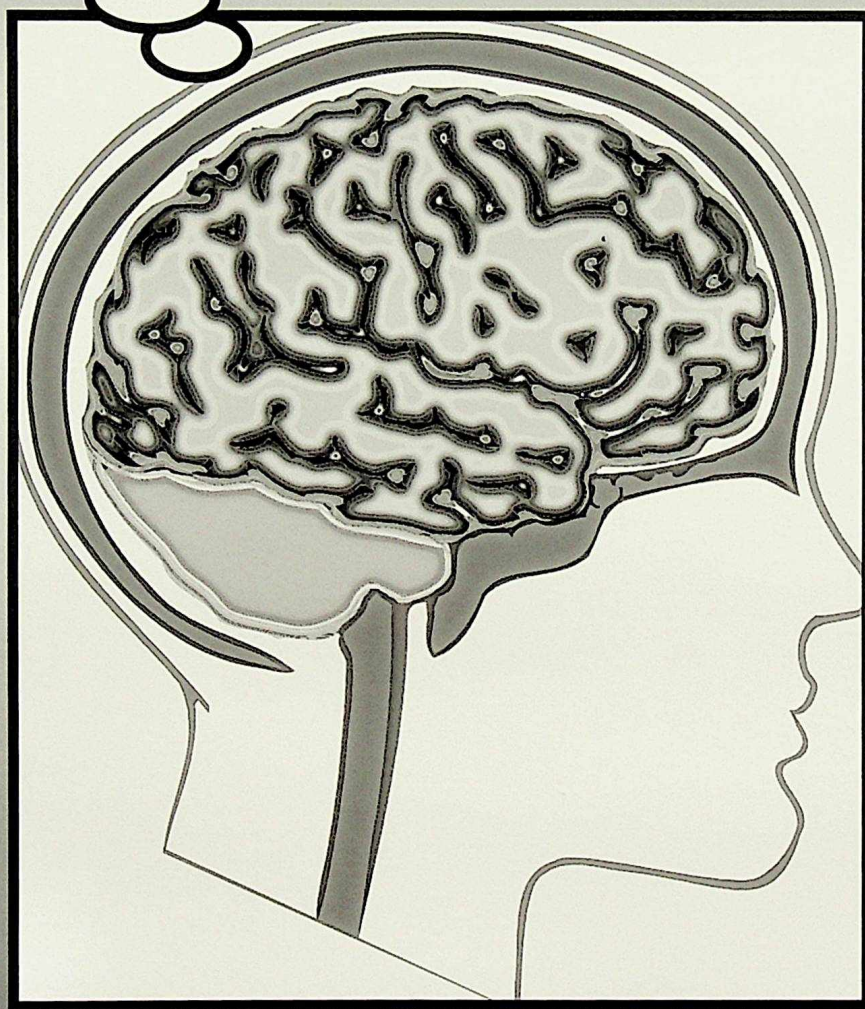

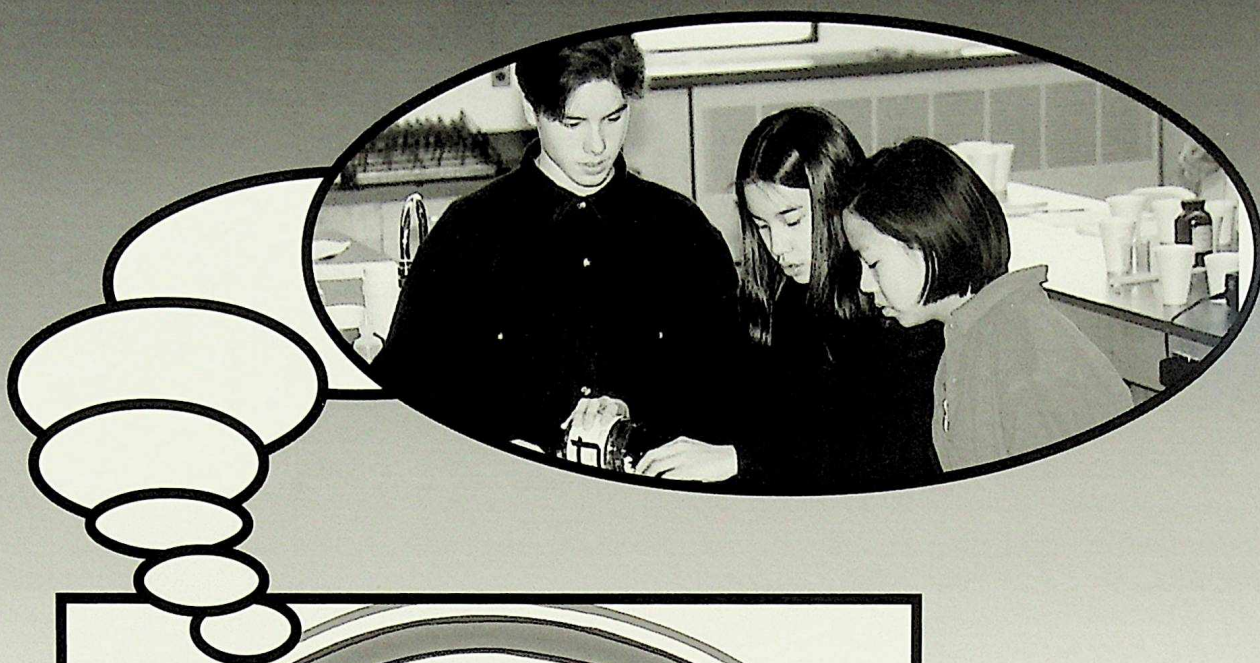

To trust  
yourself to test  
your limits.  
That is the  
courage to  
succeed

## ACTIVITIES

# Student Unions' President's Message

As the year comes to a close, I would like to take the opportunity to thank YOU, the student body, staff and parents for making this year a tremendous success with your enthusiasm, support, paying of SU gold card memberships, and feedback. This year, the students of our school have gotten heavily involved in the community making a name for their school, themselves, and improving the perception of teenagers in general. We have hosted the Halloween and Christmas parties at nearby daycares, held a mini concert for seniors, a community Remembrance Day Ceremony, sending roses as "random acts of kindness" to children in hospitals during Valentine's week, participating in several fund raising events including walk-a-thons, bike-a-thons, and more. Thank you McNally for making this goal become a reality. A special thanks is also due to the phenomenal work the SU Executive and Publicity Team have put in; your hours of hard work, commitment, and dedication to all of our projects have indeed made a tremendous impact.

Within the school, the Welcome Dance was held on Friday, September 13. Thanks to all the students for their excellent support of our kick-off activity of the year. September 23 marked the beginning of McNally's largest spirit week of the year - Tiger Pride Week. On Monday, our students dug to the bottom of pies, without any hands, during our pie eating contest. The week progressed with a mystery race, jelly bean guessing game, and the teacher-student volleyball game. The grand finale to the week was lauched with the Tiger Pride Pep Rally Friday morning saluting our fall teams. A barbecue was enjoyed by all during the lunch hour. The Tiger Pride Football Game at Clarke Stadium brought pride to us all as we saw our football team give it their best against M.E. LaZerte Voyageurs.

October marked Halloween activities with the traditional Pumpkin Carving Contest which returned with a vengeance where over a dozen classes submitted entries. During the lunch hour, our

foyer was invaded with witches, ghosts, and ghouls as the costume contest was being judged. As November approached, McNally Students' Union proudly hosted the annual Remembrance Day Ceremony where David Kilgour, Member of Parliament for Edmonton Southeast delivered the keynote address.

During the holiday season, students and staff battled the clock blindfolded as they decorated gingerbread men. Candy Gram Reindeers were delivered while the Door Decorating Contest took place. During the Pancake Breakfast and the noon hour Line Dance, the Students' Union hosted the annual Food Bank Drive.

For the month of February, Valentine's Week was once again celebrated with much panache at McNally. Hundreds of roses were delivered on February 14th to loved ones in the school. Computer cupid printouts were also sold during the week. February 14th marked "random acts of kindness day" where staff and students seized the opportunity to perform random acts of kindness.

As Easter and Spring Break approached, The S.U. hosted the first ever "Stress Release Week". Roary, our mascot, greeted students and staff at the door every morning with balloons and Easter candy. During lunch hours, there were several activities to peak the interest of all in the school including: volleyball, basketball, indoor soccer, theatre sports, free popcorn, a clown performing magic tricks and making balloon animals, "Tacky Day" dress-up, Karaoke, and the "Give Yourself A Break Contest"! A great time was had by all releasing some stress before unit exams.

For the month of June, there was the inaugural Czajkowsky Memorial Walk/Run on Tuesday, June 3rd in memory of our staff member Eugene Czajkowsky. Proceeds of over \$400.00 were donated to the Cross Cancer Society. Wednesday, June 4th was Hawaiian Day! We celebrated with Hawaiian pizza, a limbo contest, and beach bum volleyball in the gym. Thursday was the day everyone had been waiting for: Splasharama - the school-wide water fight! It was great fun!! - Ali Rajani

**Back Row:** Heather Palmer, Renee Matthews, Jessie Bachinsky, Jordana Wiley, Ryan Chowdhury, Zehra Fazal, Natalie Yakowich, Mrs. Usher, Isabel Fount, Kelly Shinkaruk, Corinne Specht, Lisa Ma

**Middle Row:** Susan Ramsandarsingh, Lana Ziober, Kelly Bachinsky, Aly Rajani (president), Sandy Wong, Miranda Sung

**Front Row:** Jason Robb, Linda Yee, Tabitha Chiu, Anubhav Chaitanya, Jaime Yu

**Missing:** Nicole Becker, Jacquie Harkins, Mark Mantei, Sam Petrov, Wendy Tran, Kimberly Williams

# Costumes & Candy

Halloween activities were, as always, a "spooktacular" experience. Candy, Pumpkins, and Costumes. Mix these items together on Halloween and you get a festival of fun and frivolity. The students underwent a metamorphosis, temporarily transforming themselves into creatures of the imagination. The Pumpkin Carving contest returned with a vengeance with over a dozen classes submitting entries. It's nice to see that we're just a kid at heart.

# Getting the Juices Flowing

At several times throughout the year students and staff who have excelled in athletics are honored at Pep Rallies.

This year's Pep Rallies have been some of the best due to the fine work of McNally's Student Council. All of the students who attended got their juices flowing from the fun filled events.

Participation was the key to having an enjoyable and memorable time during the year, despite the academic demands placed on students. However, they still found time to enjoy other responsibilities in their busy schedules.

With preparations for events like Tiger Pride Week and upcoming games, the excitement was constantly increasing. While in the process of searching for fun for themselves, people also increased spirit in the school as a whole.

The first pep rally was during the Tiger

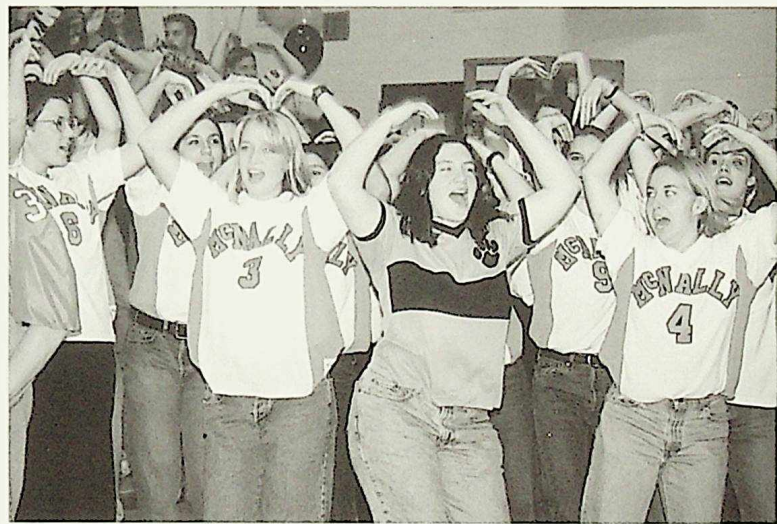

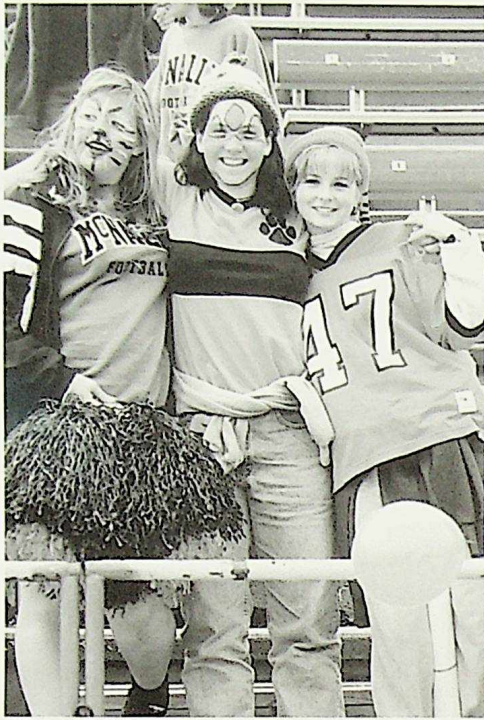

Pride Week where all the fall athletic teams were honoured. The rally culminated with students dressed appropriately for the Tiger Pride taking in the game at Clarke Stadium.

During the winter Pep Rally, the cheerleaders, junior and senior men's and women's basketball teams were introduced.

Spring Pep Rally introduced all the Men & Women's Rugby, Soccer, and Track & Field teams. The pep rally was different this year in that the event was held outside under glorious sunshine conditions. The seniors appeared to enjoy the pep rally the most, the fact that it was their last pep assembly. The rally had some exciting activities which culminated in some students having eggs broken over their heads and Mrs. D. Forfelow-Hanson being given the proverbial cream pie in the face.

# In Flanders Field

Remembrance Day was the highlight of the activities for November.

The annual Remembrance Day Ceremony was held on Friday, November 8th at 10:30 a.m. hosted by Jordana Wiley and Aly Rajani. The school was honoured with the presence of Trustee Kay Chernowski from the Edmonton Public School Board, Mr. Ron Sheppard (former principal), Mr. Orlen Von Hollen (former

teacher) and several community members and parents.

Mr. David Kilgour, Member of Parliament for Edmonton Southeast addressed the school, talking about the meaning of the poem In Flanders Field which one of his relatives had wrote. Special thanks to all of the students who participated in the Colour Party; Ian Scott, the volunteer bagpiper; the McNally Wind Ensemble and Tyler Hamilton (McNally Alumnus) for their musical pieces.

## Ho! Ho! Ho! Pancakes to Go

This year's Pancake Breakfast was an enormous success. The morning of December 18th, our cafeteria was alive with Christmas Spirit. A record number of people attended and we raised over \$1,000.00. Fifty percent of this amount was donated to the Christmas Bureau and the other fifty percent towards the Grad celebrations.

Some of the celebrities from government were City of Edmonton Councillors: Mr. Michael Phair, Mr. Terry Cavanagh; Right Honorable Betty Hewes and Michael Henry; from media were Mr. John Berry from C.F.R.N, Mr. Tim Dancy from

Videotron, Mr. Peter Hill, Access Network; from sports were Coach Tom Wilkinson, U of A Golden Bears Football and Sam and Peter Stetsko, McNally Alumnus/Golden Bears, Mr. Trent Brown, Mr. Blake Dermott, Mr. Bennie Goods and Ms. Shona Ward from Edmonton Eskimos.

Special thanks goes out to the celebrities and sponsors who gave their time, service or merchandise to this event.

Finally, the Grad Council would like to thank all the students, staff and families who joined in -- you made it the enormous success it was!

## TWICE THE FUN

During Tiger Pride Week and Stress Release Week, a karaoke was held in the cafeteria. Quite a few students were willing to have their "5 minutes of fame" in front of the packed crowd in the cafeteria. David Gilchrist provided one of the more humorous renditions as he performed as Michael Jackson, moon walk and all.

The weather was not very co-operative once again for the Splash-a-rama but it did not appear to damper the enthusiasm of the students. The poor weather proved to be a blessing in disguise this

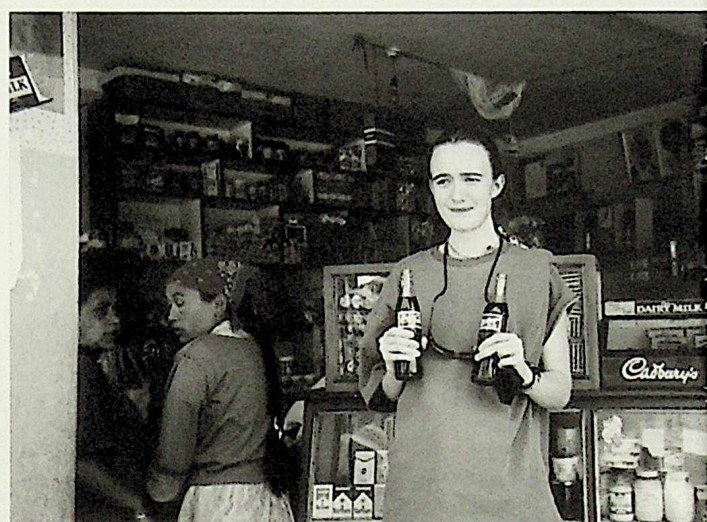

year. The Splash-a-rama became the mud bowl of 97. The torrential rain provided enough pools of water to form mud. The sophisticated weaponry of water guns became less of a factor as individuals formed gangs to dunk individuals into the mud pools. As usual it did not take too long before the bystanders became a part of the action. Everyone appears to have enjoyed themselves except the custodians.

The two events, Karaoke and Splash-a-rama continue to provide twice the fun and builds school spirit.

# To Ignite Your Inner Fire

Students from McNally had a successful trip to Kalla Pattar, Nepal, which is a peak at 18,920 feet above sea level. Along the way, views of Mount Everest and Ama Dablam could be seen. Members of the trip met climbers from the Canadian Mount Everest Expedition on the trail, and spent time in Kathmandu during the colour festival (which entailed being doused with water and brightly coloured pigments). Inner fire is the primal element that drives us to compete and to pursue adventure. For this reason, the essence of the trip was to explore the drive of a winner and the precise mix of focus and physical prowess that victory demands. In the end, it was a cultural and physical experience that the students will never forget. Plans are in the works for another trip in 1999.

# A Tale of Two Cities

During Spring Break 1997, the McNally Travel Club journeyed to London and Paris. This international adventure was both exciting and educational. The students were able to visit such sites as: Stratford-upon-Avon, The New Globe Theatre, Westminster Abbey, Versailles, Eiffel Tower, Louvre, Musee D'orsay and Oxford University.

Members of the Europe Group of travellers from McNally were:

# United Nations Debate

On May 30th, 280 students from the Social Studies 10X and Social Studies 20 classes participated in a mock United Nations General Assembly Debate. Students began this project in April by preparing a major research paper on an assigned country. Phase two of the project had students working in teams of four to prepare to debate on the issues of human rights and pollution. The students represented 70 countries taking the point of view that their country would have on the issues. Each country had the responsibility of preparing opening statements, rebuttals, anticipated answers to questions, a flag of their country and a poster that represented the economic,

political, cultural, and historical features of their country. One of the highlights of the day was the multicultural lunch. Each team brought an appetizer and a dessert that was representative of their country. A special thank you to parents who helped their son or daughter complete this part of the assignment. Congratulations to all students, who through their hard work and speaking expertise, made this debate a tremendous experience.

This event would not be possible if it were not for the outstanding organizational skills of the History 20X classes. Thank you. Your time, energy and enthusiasm made this event highly successful.

# Godspell

This year the Drama department in collaboration with the Music department took the bold step of undertaking the production of Godspell. Based on the Gospel as told in Matthew, it offers a myriad of songs and stories, and as acted and sung and danced by the talented and beautiful students of McNally High School. It reminds us of our more innocent past, when all things were possible through Love, and Peace was just around the corner, if only we could persuade everyone to take the same turn.

The ensemble acting of the young performers was exuberant and infectious; by selective editing and clever casting, (with no regard whatsoever for sexual stereotypes), director Mr. D. Mills ensured that all his young actors had an opportunity to shine, and deliver with punch and panache their very best shtick.

There was also some extremely energetic dancing in this production, and considering the number of bodies and the very limited space, the choreography by Mrs. D. Forfytow-Hanson was outstanding throughout, with the cast handling themselves with enthusiasm and confidence.

Like the actors, the musicians also had diverse talents, and offered every technique from soft keyboards to thundering percussion. Though clearly from different musical schools, under musical director Mr. J. Missal, they worked hard to perform well together.

The cast for the production are listed as follows:

Main Vocals: Terrence Lysak, Tanya Nielsen, Gabriel Tay, Angela Welch

Background Vocals: Nicole Becker, Melissa Bowering, Joel Byggdin, Arinna Grittani, Kelly Haaf, Jacquie Harkins, Andrew Horton, Kyna Kowalchuk, Brad Kulay, Christine Lazzer, Elizabeth Madill, Robert Murphy, Kimberly Williams, Adelaine Wong and Summer Yeo.

# Life's Harmony

The McNally music program enjoys many exciting festivals and productions. Constant rehearsals encourage the music students to perform to the best of their abilities.

In October, the first music trip was to Saskatoon to perform at the solo and ensemble Unifest festival.

In February, the program took part in a production at the Jubilee Auditorium, entitled "The Night of Music". The event was a complete success! Later, our concert choir participated in the Honour Choir, which consisted of over 200 voices. Many of our grade 12 band members also played in the Honour Band, made up of students from various high schools with grades of 80% or better.

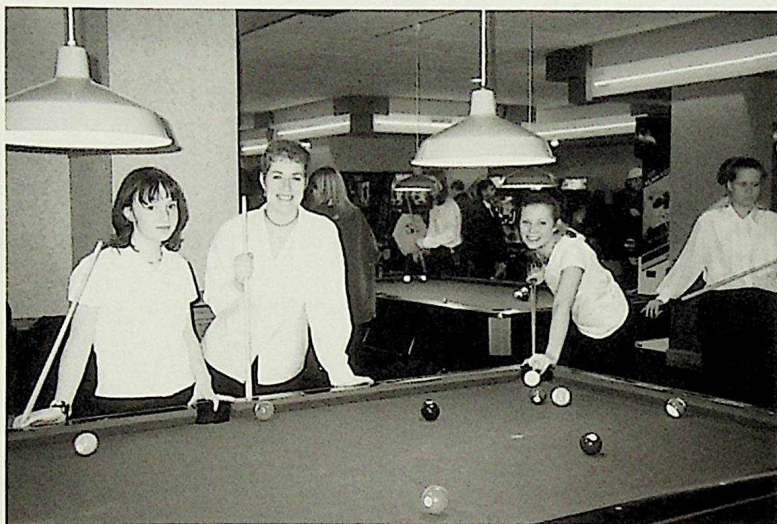

McNally enjoyed various festivals. Our jazz band and concert bands performed at Festival Place, the concert choir performed at the North American Baptist College, and the jazz ensemble played at the Provincial Museum. At McNally's Open House, all aspects of our music program were proudly staged to show off our standard of excellence. The next big success was the play "Godspell", a collaboration between the music and drama

programs that consisted of a series of parables choreographed to the music of a revolving band.

In April, the music program embarked on a major excursion for the year. From the 16th through the 20th, we took part in a festival in Abbotsford, B.C. Here, our abilities were adjudicated. The year's final trip was to Calgary in May, highlighted by visits to various elementary schools. The purpose is simply to let others enjoy our special talents and to have fun. Our final Coffee House took place on May 28th. The music room was transformed into a magical coffee shop with many desserts and coffees to enjoy along with great jazz music. On May 21st, the bands and choir performed in the year end concert.

Other events not mentioned were the various pep rallies, Remembrance Day, Pancake Breakfast at Christmas time, and the Big Band Ball.

It is apparent how talented the students are to function so well at under the hectic pace. McNally's music program is full of terrific things enjoyed by all, nourished by the leadership of Mr. J. Missal.

# Wok with Kao

Enrolment for the Mandarin program continues to grow. Because of the increased number of Mandarin students attending next year, there probably will be two grade ten I.B. classes.

The students, new and old, returned to McNally to find a new addition on the wall outside Mr. Kao's room. "McNally's Gate to China" was constructed over the summer by dedicated students John Wong and Erich Ly.

As in years before, the Triple "C" Club was once again in operation. The club allowed students to experience various aspects of the Chinese culture and hopefully, provided lots of fun in the process. This year has been among the most successful in terms of the number of activities organized and the amount of participation by both students and staff. A thank you to all those

that volunteered and participated.

Chinese New Year, the Year of the Ox, was celebrated with the annual luncheon put on by the Chinese program. All the food was delicious and the program was extremely entertaining. Approximately 180 people attended this year's luncheon, including Mr. Gary Mar, Honourable Minister of Education.

McNally's Dragon Dance Team participated in the Lunar New Year Firecrackers Parade on the morning of February 8. The parade went through most of Chinatown and the team did an excellent job.

The year ended with the Chinese Grad Banquet being held at the Golden Sea Restaurant. The event took place on the evening of Friday, June 6. Scholarships and other awards were presented at the banquet.

# CLS Class

The Community Life Skills program is a community based program. Students develop skills that will prepare them for semi-independent or independent living. The High School years are years of transition.

Students participate in all school activities. They share in project integration where students have a chance to work cooperatively with other classes from the High School. Peer tutors also have an active role in the program assisting with individuals and group activities.

The CLS class was actively involved in Pep Rallies, School Sports, Intramurals and Clubs. The highlight of the year was the invigorating and vigorous three day outdoor educational experience at Makewin Lodge. During the stay, the weather was excellent though the mosquitoes were a bit nasty. Students participated in a variety of outdoor and indoor activities. Many fond memories were made at Camp this year.

# As a matter of fact

The Toshiba/N.S.T.A. Explora Vision Award was sponsored by Toshiba and the National Science Teachers Association for students in the United States and Canada.

The challenge in the competition was to choose an existing technology and envision what it would be like twenty years in the future. The competition was an essay competition where teams of three or four students wrote a ten page essay describing the useful applications of their device twenty years from now. They also did a ten page storyboard that graphically described their device.

The top team from each of twelve zones in North America were chosen and each student received a US \$100 savings bond. the school received a TV and VCR. The top twelve teams then competed for first prize of US \$10,000 per student or second and third prizes of US \$5,000. The top three (of twelve) teams received a free trip for them and their parents to Washington, D.C. to receive their award.

One of four teams from McNally was chosen as a regional finalist team for Division IV. Altogether there were 5000 entries, made up of over 18,000 students, in the competition. The winning team members were: Carmine Herzog, Reshma Jagasia and Wendy Tran. Placing as one of 12 finalists was a significant accomplishment for these students and brought great honour to McNally School.

*Picture: Mr. D. Sware, Carmine Herzog, Reshma Jagasia, and Wendy Tran*

There were very exciting times in the Science Department this year. Mrs. L. Hampel was the recipient of an Excellence in Teaching Award for 1997. Mrs. Hampel received the award in a ceremony held in Calgary on May 10, where the twenty provincial winners were recognized for their outstanding achievement. Another colleague in the Science Department also gained some recognition this year, none other than Ms. Khan who was the local winner of the Prime Minister's Award for Teaching Excellence in Science, Technology and Mathematics. The Science Olympics had a strong group of students enter once again under the careful eye of Mr. D. Sware and Mrs. D. Stirrett. A big thank you to the team of hard-working students who represented McNally on

March 1st.

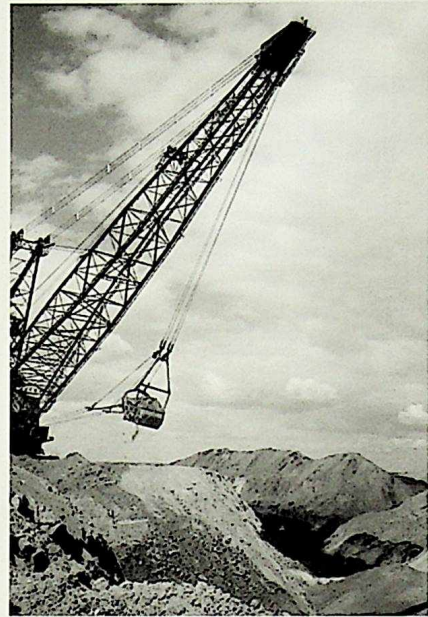

A common learning resource used in the Science Department are the many field trips made during the year. A group of I.B. students had the opportunity of participating in an interdisciplinary field trip on May 1 and 2. Students took part in studies in Drumheller, the Reynolds Museum in Westaskiwin, the Calgary Zoo and the Glenbow Museum.

Some of the pictures from the trip are on display on these two pages.

# I am a Rocket Scientist

# Start Spreading the News

This year, for the first time, a Student Crime Stoppers (SCS) Board was formed at McNally hoping to raise awareness about the SCS program. Throughout the year, the board has been involved in activities to keep our school safe and promote the use of the Student Crime Stoppers Tips Line - 429 -TEEN. In October, some of our members attended a SCS conference where they got lots of great ideas to implement in their schools. The group has been actively initiating activities to raise awareness such as raffles, free engraving of valuables, contests, booths, and a flashy advertising campaign putting posters in every classroom.

In May, the group recognized Crime Prevention Week in Alberta by launching a series of new posters, announcements and activities. Also, the McNally teaching and support staff have contributed approximately \$250.00 to SCS. This is a result of the

efforts of the staff advisor, Miss Swekla, who baked religiously for each staff meeting to feed the staff. In return, she requested donations towards the SCS fund. Thank you to all of the staff who participated in this donation drive and the raffle of a framed print. Within the community, the group launched a contest for the parents, students, and neighbours visiting the school for open house.

With the leadership of Aly Rajani as Chairperson and the endless commitment of the Board members: Ryan Aleong, Randy Phung, Loc Banh, Hoc Luong, Angela Wong, Quang Nhan, Brian Lau, Kosoo Ng, Jeff Fjellstrom, and Heidi Fuchs and the enthusiasm of our staff advisor, Miss Swekla, the group hopes that we have served the school and community well.

## Tiger Times

McNally once again had a school newspaper due to the enthusiasm of the co-editors, Abigail Castelletti and Angela Cholmondeley. Along with her capable reports, the Tiger Times produced several issues this year which were quickly snapped up for reading by the students. The newspaper production gave the students ample opportunity to show their creative talents and to experience the difficulties in producing a newspaper. This year several of the articles in the newspaper were quite controversial which elicited quite a few letters to the editor in response. Thanks go to Mr. G. Hamilton, the staff advisor.

# Principal's Message

**Mr. G. Rice**  
**Principal**

"Adventures of the mind" is the theme of this year's Yearbook. The significance of the theme is that it represents the dreams we all possess in our lives and how these dreams are relevant in the McNally setting.

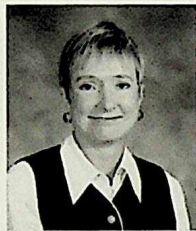

The end of the 1996/97 school year is upon us, and upon reflection, it has been a tremendous year. McNally students have once again demonstrated their commitment to success. Individual students have achieved outstanding academic successes in their courses of study, which has culminated in more students achieving the acceptable standard and a significantly greater number achieving the standard of excellence. In addition, athletic teams, music students, and other specialty groups have given their best effort and have brought recognition to themselves as individuals and groups and to their school, McNally. One need only look at our Senior Men's Basketball team, the Toshiba Explora Vision Award, the Alberta Stage and Concert Band Festival results or Gilbert Lee's successes in math contests to find examples of the power of the students and staff at McNally.

This is also a time for us to pass our best wishes for the "Grads". You have made tremendous contributions to your school over the past three years and we are forever indebted to you for your leadership and commitment to the tradition of excellence of McNally.

For our Grade Elevens and Tens, we wish you a relaxing restful summer and look forward to seeing you in the fall as you move into your new places as the leaders and seniors of your school.

To staff and parents, I thank you for your dedication and hard work over this school year - you are sincerely appreciated. Please enjoy a most restful and happy summer holiday. Nihil Sed Optimum.

TIGER SPORTS

# You're either part of the steamroller or part of the pavement

The McNally Senior Football team enjoyed a very successful season this year. During the regular season the team steamrolled through all the teams in the league except one.

Unfortunately, the team lost to M.E. LaZerte in a close Premier Conference semi-final. The fact that the team made it back to the Premier Conference playoffs was quite an achievement. Next year should prove interesting in the league as returning grade 12's will be missing off of all school teams.

The team showed its quality this year as 6 players were selected to play in the Senior Bowl, several seniors played in the North-South game and others have been

scouted to continue at the CIAU level.

A summary of the regular season is listed below:

# Junior Men's Football

The Tigers were looking to repeat their City Conference Championship from the previous season and they almost did complete the task. They fell short by losing the final championship game to M.E. LaZerte.

One of the highlights of the season was the team's trip to a tournament in Whitecourt - in the snow! An early fall snowfall made for some spectacular slippery conditions and a fairly odorous bus ride home. While the road trip broke up the regular season routine a bit, the trip did much to unite the team. Many of the players are looking forward to carrying on with the program and taking part in the summer camp in Jasper.

# In Your Face

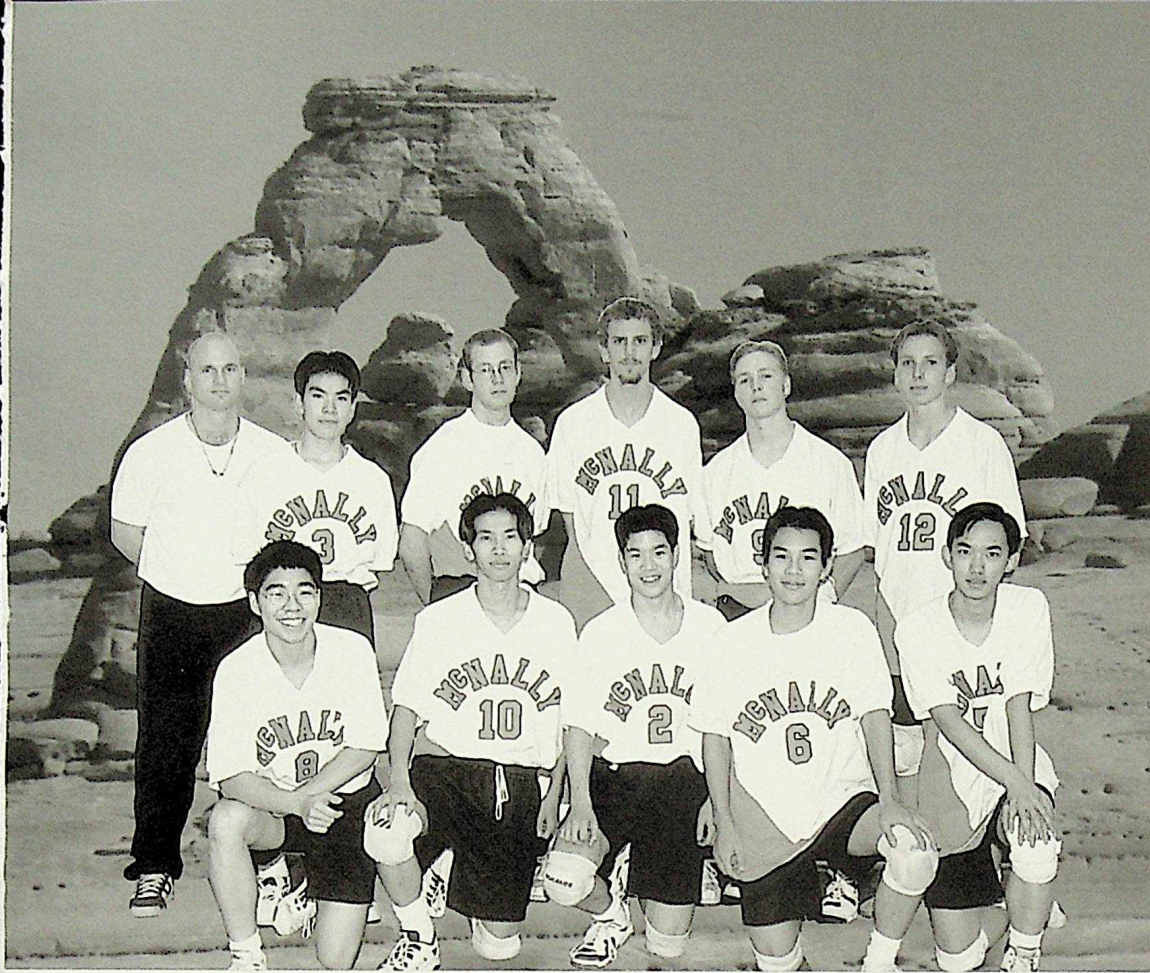

The 1996-97 senior men's volleyball team was in a year of transition. Second year grade twelve athletes were not allowed to play. This resulted in a fairly inexperienced, young team. Only two players returned from last year. In addition, a brand new coach was now at the helm. The team brought a love of volleyball and a great deal of enthusiasm to the court. If not successful in the win-loss column, definitely a winning team in terms of commitment, personal confidence, team attitude and consistent effort.

The team started the season slowly and gained momentum towards the end. Inexperience showed during tough matches in terms of focus and mental toughness. Nevertheless, the Tiger earned a spot in the playoffs. A long grueling semi-final versus Jasper Place resulted in a fifth game ping-pong loss. The young men of this team look forward to another challenging and more successful 1997-98 season.

You run like a beginner, you hit like a beginner, you throw like a beginner but you serve 60 m.p.h. in their face like a man.

# Senior Women's Volleyball

The 1996-97 season saw a changing of the guard at McNally as Mrs. Krook-Nelson moved over from the men's program to head up a rebuilding Tiger Women's team. Adopting a much quicker offense, the team saw some early success, and continued to improve throughout the season. Led by players such as power hitter Kristy Kuzyk, setter Jennifer Wong and veteran Heather Clarke, the team remained in contention in every match including those against perennial powerhouse Strathcona Composite. However, the goal of achieving a premier final berth was not to be, as we finished out the season with a loss to W.P. Wagner in the city final. The year was a solid season to build on, and all those who return for the next season will undoubtedly be the stronger for it.

# Junior Men's Volleyball

This year's team was very competitive and played hard against all of the opponents. The team travelled to a few tournaments which helped them grow as athletes. In the end, their efforts were rewarded with a winning record. The team finished fourth in the conference and lost in the first playoff game of the Premier Conference. The team gained some rewards for their efforts and is looking forward to the challenges ahead.

# Junior Women's Volleyball

The team was an excellent team this year. They finished third in league play and were quarter-finalist in the Premier Conference play-offs. The team as a whole showed great team work and individual skills. The team was very entertaining to watch as they were very offensive minded. The spikes were true kills. They had the "hunger element", a craving in the soul that can only be satisfied by triumph.

# No Mercy Shall Be Granted, Court Is Now In Session- Senior Men's Basketball

The team was very successful this year, culminating the year with a City Conference title. The team proved the value of three point shooting especially by the "nothing but net boys", rookie Brandon Horton and veterans Graeme Douglas and Brad Higgins. No mercy shall be asked for, no mercy will be granted, court is in session sums up the essence of the team.

# Senior Women's Basketball

The team had a very good year finishing with a 9-2 record, tied for third in the Premier Conference. Unfortunately, the season ended with a sudden quarter final loss to Ross Sheppard High School. Despite the loss, the team members showed they had acquired discipline, attitude, and backbone. Character builders not available in stores. Each of these elements is a tribute to the mental power that an athlete must master - for belief is the ultimate competitive edge. Hopefully, what they have learned this year will pay dividends for them in their future endeavors.

# Junior Men's Basketball

This year's group of young men progressed nicely throughout the year. The strong play of returning players Damion Larsen and Dave Burnham powered our team to a fifth place finish. The two returning players showed great leadership and accounted for about 80% of our scoring. The strong defensive efforts of Daniel Chappel also made our season a memorable one. Our best games were those where the players played as a team with all the men contributing their best efforts. The most memorable victory this year was a semi-final victory over J. Percy Page in our own McNally McHoopla.

# Junior Women's Basketball

The Junior Women Basketball team had a successful season. This team was rebuilding, however, we finished with a 7-6 season in league play and lost in the quarter finals of the Premier Conference playoffs. We participated in several tournaments including Regina, Red Deer and our own "McHoopla" and were successful in all of them.

This team was definitely a fun team. The ladies on this team were energetic, hard working and always fun loving. They could be best described as the team with the most spirit in Edmonton Public Schools.

# That's What Little Girls Are Made Of

Courage, determination, and pride. That's what little girls are made of. The cheerleading crew at McNally certainly had these traits. Through their many hours of practice and despite their injuries, the team performed quite well at the various school activities as well as competitions. The caption is a bit of a misnomer since the team became co-ed this year. No slight was intended for Mike Sutherland and Denny Radmanovich who did an excellent job of anchoring the team.

The team by competing well at the city championships were invited to compete in the Provincials whereby they proceeded to place second. The goal next year is to match or exceed all of these results.

# Senior Men's Soccer

The 1996-97 season was the season of discovering what it takes to make a winning season. The team started the season by winning 2 out of 3 games in the Spruce Grove Tournament. This year the team caught a berth in the city playoffs after being out of contention for a few years. Congratulations.

# Senior Women's Soccer

This season, the women's soccer team underwent a rebuilding following the graduation of many senior members from the 1996 squad. The remaining players, Elizabeth Ewing, Robin Ings, Malinda Phair, Susie Noel, Mel Quimpere, and Kelly Bachinsky set an excellent example to the younger players.

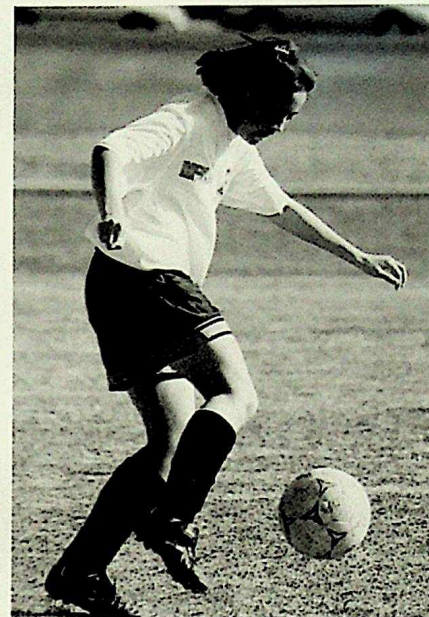

After four weeks of pre-season training and the occasional scrimmage with the boy's team, the girls were ready for the Golden Bear/Panda Invitational Tournament. They played magnifi-

cently and entered into the finals with only one loss. The team was justifiably proud of their first place finish in the Division II round of the tournament.

Following a strong tournament performance, the girls continued on their winning streak. Unfortunately they lost by two points in the semi-finals, but a bronze medal finish in the Premier Division of the soccer league was a satisfactory finale for an enjoyable and exciting season.

# Junior Men's Soccer

The juniors jelled as a unit, both offensively and defensively after a slow start to the season. Following an explosive 7-2 victory in the first round of the city playoffs, the team lost a close game to the eventual champion, Harry Ainlay, in the Premier Conference semi-finals.

# Rule the Field

The meek may inherit the earth... but they'll never rule the Rugby field. The Senior Men's Rugby season was a successful one once again in 1997. With only six starters returning to the team, much was expected from the crop of rookies. The rookies came through with flying colors. With only one loss during the season the team finished in second place in the league. The team advanced to the playoffs, defeating Ross Sheppard Thunderbirds in the semi-final and advancing to the Premier Conference final for the third consecutive year. The team played well coming home with the silver medal.

# Senior Women's Rugby

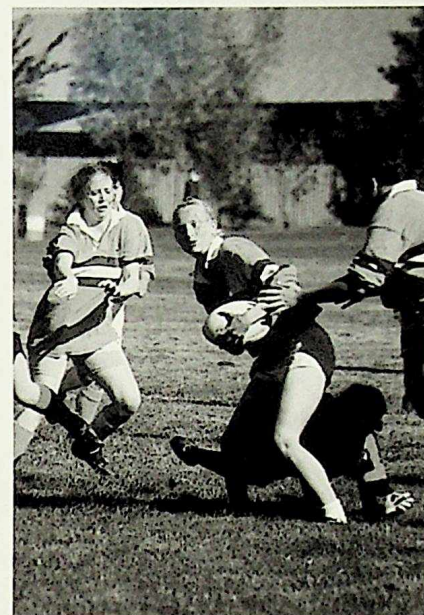

The 1997 edition of McNally's Senior Women's Rugby team was indeed one for the school to be proud. Their very successful season began with a bang, as our ladies took home the gold medal at the "Star Trek Classic Rugby Tournament" in Vulcan, Alberta. In winning this tournament our Tigers scored 52 points and had absolutely zero scored against them! This tournament victory was then followed up by a very strong showing at the "Sherwood Park Rugby Tournament", in which our ladies finished a very admirable second.

The success of our ladies regular season

and playoffs can be best portrayed with their points scored for and against statistic. In seven games, our ladies scored a whopping 141 points for with only 26 scored against! Even more, in their first Premier City Championship our ladies played an inspired and determined rugby game that we can all be proud of. The game was very hardly fought, as the score remained 0-0 at the end of regulation and overtime. In the end, the ladies only lost on the score board (1-0), as their discipline and heart propelled them to silver medals. Congratulations for a remarkable season!

# Junior Men's Rugby

With only a single veteran player, this year's Junior Men's Rugby team learned a great deal during the regular season. The team defeated both J. Percy Page and Eastglen in the regular season. The season finished early for the Jr. Tigers as they had a bye in the last week and had finished just out of the playoffs (5th). Much to everyone's surprise, the 4th place team folded and the team had an additional last game. Many are looking forward to becoming Sr. Tigers.

# Fantastic Graduation '97

## Valedictorian's Address

When I was first asked to give this speech, my initial response was one of panic. I'm sure that you will understand when I say that it was a similar feeling to the one you get when you start a test and realize that you don't understand a single question. My biggest concern was how I could presume to give advice to such a large group of distinct individuals. I realized that it does not matter how different each of us is, we all have at least one thing in common. We are all graduates from the McNally class of 1997. As each one of us crosses this stage today to receive our diploma we start a new phase in our lives. We have worked hard for the last 12 years, continuing onward despite the obstacles in our path. Our parents, teachers and friends have been there to encourage us and support us. We have sometimes followed their advice of looking both ways before crossing the street, eating all our vegetables and being on time for class. Now, as we face a new part of our lives we must take responsibility for ourselves and evaluate all that we have been taught. Some of what we have learned we will keep, and some we will not.

Part of what we have learned (or perhaps not learned) has been so hidden that I'm not even sure the teachers realized they were teaching it. One special quality that we have gained, is resilience. This is an important attribute partly because I think that most of us here have it to a certain extent already, and partly because it is a quality that we will need, since, as our grad theme (and the MBanx commercial says), the times they are changing. We have learned to be resilient every time that we were forced to work on a problem until we had solved it, or we were faced with a failing grade on a test but still continued on in the course. (And you thought the teachers were just being nasty!) Persistence has pushed us this far. We have faced many challenges during high school. But we moved forward and worked hard to finish it, despite everything.

Resiliency is defined by the dictionary as the ability to recover from or adjust easily to misfortune or change. It is the ability to face each day as a completely new one, with the optimism that this statement

implies. I am sure that everyone has faced, at least once, a day where everything went wrong. You were late for school, forgot the combination for your locker, failed a test and made your best friend angry. Days like these test our sanity to the limits. However, each one of us has learned through experience that things can and will improve. Our friends, teachers and parents have been there to sympathize and remind us that it will get better. And so we have gotten up to face the next morning despite what happened the day before. We have learned resiliency. It is a paradox because it is what allows us to face defeat without being defeated.

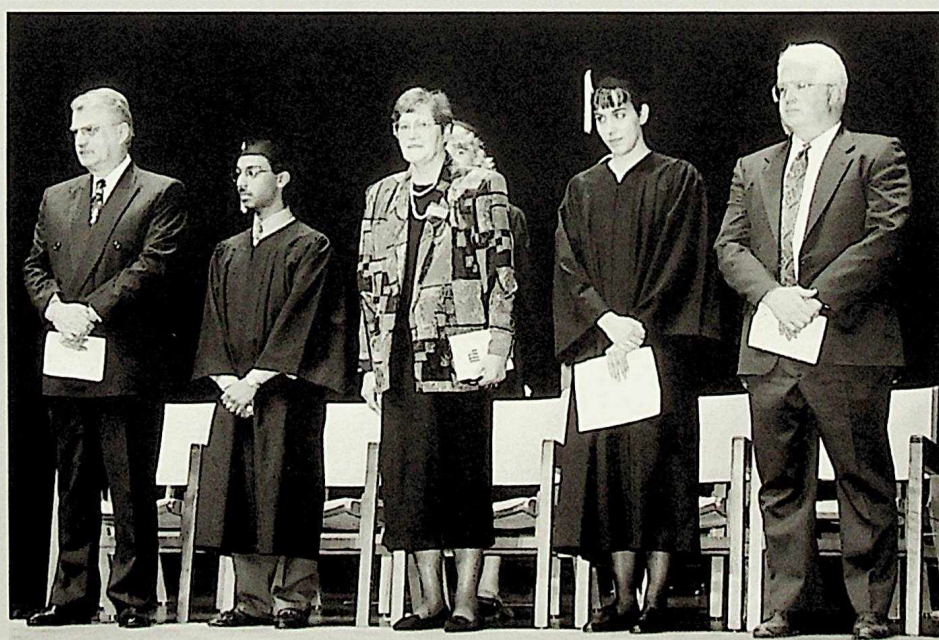

Resilient people are often seen as heroes, sometimes fools and are usually part of the unnamed masses. They exist in novels and movies but more importantly they exist in the real world, our world. They live in our homes and go to our school. Our parents and teachers have endowed us with this trait and now it is our responsibility to use it and to be those people. There are many individuals in this world that we can look to as role models. They are people like Rick Hansen, Terry Fox and Christopher Reeve. They are also people like our par-

ents and teachers. They have all faced obstacles and have overcome them. So, remember to use that persistence that we have learned the next time you become discouraged.

As we leave here this evening to face the seemingly never-ending round of tests that wait to greet us before we step out into our new lives, we must cram a few more things into our brains to ponder. We must remember that we are each responsible for our lives and responsible to see that we find our own success. We must also remember that life cannot be lived without the ability to recover from change. So, I will leave you with a quote that speaks eloquently to the optimism of resilience,

"Life is. I am. Anything might happen... The uncertainty is a blessing in disguise. If I were absolutely certain about all things, I would spend my life in anxious misery, fearful of losing my way. But since everything and anything are always possible, the miraculous is always nearby and wonders shall never, ever cease."

Good night and good luck!  
Meghan McConnan

## Grad Song #2

### PICTURES, FRIENDS, AND MEMORIES

We know not what to expect,  
We know not what to dream,  
We are now searching for answers,  
That are not as hidden as they seem.

The world will keep on changing,  
As we break free from our cocoon,  
We finally spread our wings and fly,  
To explore the sun, stars and moon.

*Pictures, friends and memories  
Stolen words and perfect days  
Now we follow the paths before us  
And continue our separate ways.*

Days we will always remember,  
Nights we will never forget,  
We leave to seek new loves,  
And friends we have not yet met.

Our nights have forever changed,  
Our days they have new meaning,  
The future is now taking shape,  
And our lives have a new beginning.

*Pictures, friends and memories  
Stolen words and perfect days  
Now we follow the paths before us  
And continue our separate ways.*

Memories last forever,  
Through all that twists and turns,  
Our spirits everlasting,  
Because our passions will always burn.

## Grad Song #1

### NOW AND FOREVER

#### Verse 1

Looking back on all we've done  
The special times we've had  
The people we've met, now life long friends.  
The changes both, the good and bad  
Wondering how we'll make it on our own.

#### Chorus

*Look to the future  
Time seems to rush ahead  
The safety of the past being left behind  
Our dreams for the future soon to be fulfilled  
It's now and forever.*

#### Verse 2

Just when your journey seemed so near the end  
You find the road has yet another bend  
You find you must face the rising sun  
The haze will lift, the fear subsides  
You'll find what you've been booking for.

#### Chorus

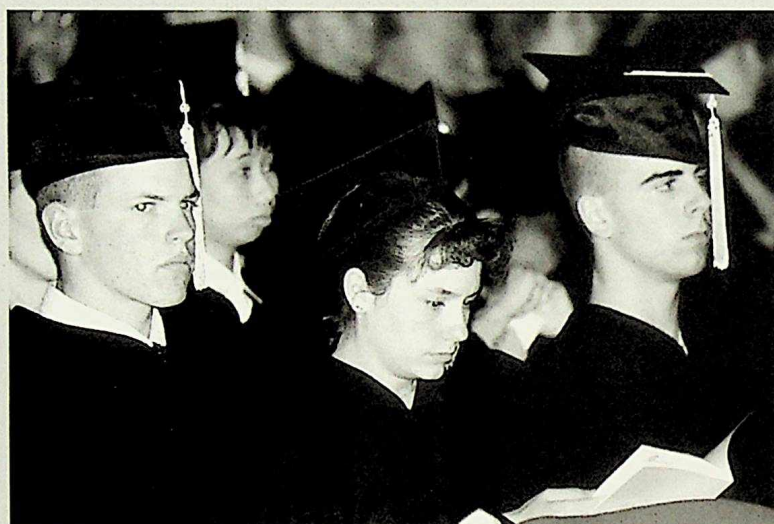

#### Verse 3

Time has passed so quickly  
It feels as if the start were only yesterday.  
And with the end so near we look onto a new tomorrow  
With hopes and dreams for our futures  
Embracing the change never forgetting the past.

# Grad Ceremonies

# Grad '97 The Times They are Changing

The theme for this year's Grad was - The Times They are Changing and the banquet certainly showed the graduation committee's adaptability.

The banquet and dance was held on Friday, May 31 at the Convention Centre. The facility was alive with beautiful decorations, wonderful food and great music. The crowd of over 1000 was entertained by this year's two historians, Kelly Shinkaruk and Kelly Bachinsky. Gracious master and mistress of ceremonies were Jason Sopka and Charissa Ward.

The grad banquet was once again managed by a most efficient grad executive. Mrs. V. MacKinnon and Mrs. S. Stevenson should be recognized for their commendable efforts.

# In Memory of Eugene Czajkowski 1940-1997

Eugene Czajkowski was many things to McNally School- a dedicated teacher, a competent administrator of two departments, a friend to both students and colleagues. His death has left a mark on all of us. The two tributes which follow capture the spirit and memory of this man. The one by a student, Wendy Tran, first appeared in the student newspaper, The Tiger Times. The second was part of the eulogy delivered by Mr. Ed Heilman at the memorial service for Eugene.

## Saying Goodbye by Wendy Tran

I have never liked math; I will probably never like math; and even under the extremely capable instruction of Mr. Czajkowski, I still hated math. However, Mr. Czajkowski's love for the subject he taught was clearly evident, and although I never understood how anyone could get excited over derivatives, I could definitely appreciate the enthusiasm and interest in his teaching. Any student can attest to the fact that a teacher who loves his work is undeniably more engaging than a teacher who does not. Mr. Czajkowski loved mathematics, and he loved teaching. I still hated math, but it was definitely easier to learn from a teacher that loves it.

Mr. Czajkowski made thirty years of contributions that cannot go unrecognized. Besides his dedication to his teaching, he contributed to making McNally "Nothing but the Best". His involvement's ranged from school activities to his instrumental role in establishing and maintaining the International Baccalaureate Program at McNally. Even those students who did not have the privilege of making his acquaintance are affected by the contributions he has made to this school - contributions that will never be forgotten by those that knew and respected him and his work. Mr. Czajkowski will be missed. As for myself, I do not think I will ever meet another person that can approach a tedious math problem the same way he approached everything that he did - with vigour and enthusiasm.

## Excerpts of Eulogy delivered by Ed Heilman

I have had the privilege of knowing Eugene for over thirty years; both as a colleague and as a very close friend. I am honoured to be able to share with you some of my memories and also recall some of the milestones in a life which ended much too quickly.

I first met Eugene in 1968 when I transferred to McNally High School. We were both early in our teaching careers and even then it was very evident that he was an individual with talent. He could teach and he did it very well. Not only did he have a superb mathematical mind but he could motivate his students, continually challenging them and demanding the very best from them. Teachers do change the world through their students and I know that there are literally thousands of individuals out there who have been enriched through their association with Eugene. It was very gratifying to see Eugene's talents be recognized publicly several

months ago when he was recognized as the Teacher of Year by the Council on School Administration.

Those people who did not know Eugene very well may have thought that he was at times a little rough around the edges. Appearances can be deceiving. To those that knew him, he was more like a large teddy bear with a heart of gold, very generous and caring, although he would be the last to admit it openly. Not many knew of his many years of volunteer work with CAN-SAVE, an organization dedicated to helping children.

It is to Eugene's credit that he has made a contribution to this world, he has left it a better place. All of us have been enriched by knowing him. We can only think back fondly and retain a special place for him in our memories.

On Tuesday, June 3 at lunch time, the trails around McNally were alive with staff and students walking and running in memory of Mr. Eugene Czajkowski. The route was a favorite walk for Mr. Czajkowski.*

# Final Remarks

Well, the date is July 30, 1997 and the yearbook has been sent off to the publisher. The lateness in completing the yearbook will mean a late delivery date once again; the second time in three years for this advisor. The learning process has finally been completed and in future, the yearbook should be delivered on time in the middle of September instead of late October. Part of the learning process has meant learning basically the order of priorities. The number one priority in the first year was to establish a clean and accurate yearbook. The second year placed more emphasis on integrating the theme into the yearbook. A bold step was taken to change the look of the sports team. Each team was superimposed onto a scenic landscape through digital imaging. The results were quite stunning. This past year there was very little progress with the growth of the publication. Basically the same layouts were used and completing the yearbook was the only priority. In future, if the publication is to improve, the layouts and write-ups must change to align more with a magazine style of copy. Presently, the layouts are quite basic and need more panache. Hopefully, with less time spent on organizing, there should be more time for making the above changes.

I wish to thank the yearbook committee this year which was extremely helpful in contributing ideas for the cover and theme for the yearbook. Those individuals were namely Wendy Tran, Jacquie Harkins, Annissa Wong, Jackie Lau, Sandy Wong, and Linda Yee. The theme chosen was dreams because the future belongs to those who believe in the beauty of their dreams. All of us need to cherish our visions and dreams as they are the children of our soul; the blueprint of our ultimate achievements. The first sixteen pages attempts to illustrate McNally's part in bringing the student's dreams closer to reality.

In attempting to complete the yearbook in haste, a lesser quality than originally expected in some of the copy has resulted. One of the teams which possibly did not have the best action pictures was the Junior Men's Basketball team. Unfortunately, I was not able to take their pictures until the playoffs. As well both junior basketball teams playoffs were scheduled for the same day. Mr. Allingham felt his team would advance so I initially started with the Junior Women's team during their first half and then travelled to the other side of town to take his team pictures. Fate would have it that they had very few fouls in the game and the game progressed quite briskly. By the time I arrived, instead of having one quarter of play left which I anticipated, there was only two minutes left.

Because the negatives and pictures were well organized, the color section was completed without too many problems. The color section requires the school to resize the pictures therefore the need for negatives. One of the pictures submitted by the students for page 2 was not submitted with a negative which necessitated the picture to be cut to fit the size of the copy. This meant cutting the bottom portions of their bodies off which is not the best look for a photograph.

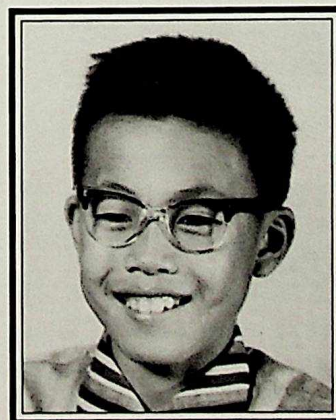

A contributing factor to the failure to meet the yearbook deadline was the illness of this advisor during the last month of school. I was stricken with a viral infection and did not fully recover until after a full month had past. I was able to send in 106 pages by the end of the year but was not able to complete the rest of the book until the end of July.

Everything hasn't been a complete calamity. When my wife and I took a one week holiday in July to San Francisco, our returning flight was overbooked. Delta Airlines asked 7 passengers to depart in exchange for free round trip tickets to anywhere in North America, Mexico, or the Caribbean. Being fortunate enough to be seated in the first two rows, we were able to be one of the first volunteers and thus, we were two of the lucky 7 chosen. Our plans for a Miami and Bahamas vacation next July are already well under way. Now if I could plan the yearbook as well, I would not be in the predicament I find myself at the end of each school term.

My final remarks are the necessary credits and thanks for all those other individuals who contributed to this yearbook. Mr. D. Oberholzer for his write-ups from the school newsletter, Mrs. L. Hampel, Mrs. D. Stirrett, Mrs. C. Lewis, Mr. R. Bartsch, and Mrs. S. Stevenson for their photographs, Elizabeth Madill for her many music field trip photographs, and Mrs. Sarah Matthews and Renee Matthews for their fabulous photographs from Nepal. Thanks to all the coaches who contributed write-ups of their team's results this year, especially Mr. R. Mead for an excellent write-up. A special thanks to Mr. Rob Rohac, the Friesen yearbook representative who designed the cover and endsheets to our specifications. Lastly, this year's yearbook is dedicated to a former colleague, Mr. Eugene Czajkowski, who has left a great legacy behind at McNally as a result of his many contributions and accomplishments. He was the individual who hired me to join the McNally staff and gave me the encouragement and support in my position as yearbook advisor. A fond farewell Eugene, I hope you will enjoy the yearbook.

I leave you with a photograph of myself during a younger time to dispel the vicious rumour circulating the halls of McNally that I was a nerd in school. I wish you all the best in your future endeavors and hope you will have fond memories when you look back at your yearbook.
